November 13, 2009

Thank you for your interest in J & R Wire, Inc. Founded in 1984 to service the special needs of the lampshade manufacturing community, we have a state of the art operation housed in a 21,000 square foot factory. We currently employ 20 skilled line operators manning various wire forming, staking and cutting machines. Our skilled operators also run CNC machines for precision and complex wire forming.

Although we specialize in lampshade frames, we service all industries that have wire forming needs. We stock bright basic wire from 15 to 7 gauge. We offer some gauges with quality-plated brass, high luster galvanized or a matt black finish. All of our finished products are thoroughly washed and lacquered to ensure a clean, quality product.

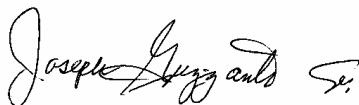

Our terms of sale for all accounts are as follows:

- All prices quoted F.O.B. Scranton, PA.
- Prices subject to change or surcharge without notice.
- Pro-forma or credit cards accepted - No C.O.D.s.
- Minimum Order and/or Invoice amount - \$150.00.
- 50 piece minimum order per size for full frames.
- 100 piece minimum order for shade rings and tops.
- Under minimum subject to a \$20.00 set-up charge.
- Pattern development and custom work billed at hourly shop rate plus materials.
- Notification of defective items to be made within 15 days of receipt of shipment.
- All Claims for shipping damage must be made with delivering carrier.
- No returns accepted without a written Return Goods Authorization (RGA).

Let us put our expertise to work for your wire forming needs. Our customer's needs are our number one concern at J & R Wire, Incorporated.

Sincerely,

J & R WIRE, INC.
